Autonomous

INTRODUCTION

I have over 13 years of professional experience in graphic art and design as well as 10+ years of professional experience in Information Technology. Whereas most people tend to have a creative mind or a technical mind, my work experiences have honed my ability to think critically as well as creatively giving a great advantage to my employer. I learn exceptionally fast and adapt quickly to any workflow!

SKILLS

RELEVANT WORK EXPERIENCE

Graphic Designer
Computer Services Inc.
8/2021 - Current

- Create mockups and all digital content for mobile app development
- Manage and input web content for Word Press environment websites and work with developers to ensure the final product is representative of the approved mockup design
- Create a wide range of graphics and layouts for product illustrations, websites, and mobile applications

Graphic Designer
Hilliard Office Solutions
5/2019 - 2/2020

- Worked closely with the marketing team to design products for digital and print media: videos, logos, web, magazines, brochures, flyers, etc...
- Designed and printed materials for local mayoral and congressional campaigns
- Maintained inventory, equipment, client and vendor relationships

Animator / Illustrator
Peak Completions
3/2012 - 4/2019

- Worked closely with Sales, Marketing and Engineering to conceptualize and develop 3D animations, graphic designs and illustrations for a large variety of uses and media: flyers, product catalogs, magazine ads, business cards, full-motion ads for TV, presentations, sales meetings, merchandise, etc...
- Modernized and maintained Peak's website, then designed, created, and published web content to keep it current
- Worked directly under the I.T. Director to maintain all I.T. infrastructure: computer systems, networks, printers, Active Directory, security, etc...

Graphic Artist
Barrington Broadcasting
2/2009 - 3/2012

- Designed graphics for live broadcasts and directed prime time newscasts
- Worked with our journalists to determine and assign the most pressing news stories
